

MYBANK MANDATES: A REALITY FOR CORPORATES, PUBLIC INSTITUTIONS AND ONLINE BUSINESSES

Operational benefits:

- Immediate mandate dematerialisation, eliminating the need for complex data recognition and extraction processes.
- A fully automated Europe-wide solution.

Commercial opportunities:

- SEPA Direct Debits can be created immediately online or via mobile platforms.
- Complete online authorisations and validate mandates in real time.

MyBank is cost-effective

- The technical components of the central MyBank infrastructure can be re-used for other MyBank features.
- The delivery model is flexible and adaptable.
- Existing SEPA processing/mandate management channels can be effectively leveraged.

Simple, secure and effective

MyBank facilitates the creation of electronic mandates via a smooth, secure and customer friendly interface.

Mandate options to cover varying needs

- **SDD CORE and COR1** mandates.
- **DD02** mandates with waived automatic refund rights
- **SDD B2B** mandates

MyBank – Europe-wide standing

- A solution developed by EBA CLEARING, the leading pan-European payment infrastructure and settlement provider.
- A complete range of online services delivered in real time via user bank accounts:
 - Online or mobile payments via SEPA Credit Transfer
 - SEPA Direct Debits mandates
 - Secure digital identification

A wide range of well-known payment service providers have already joined MyBank.
